Short (Research) Profile & Mission

We at **EndEndoSIlence** are a group of activists dedicated to improving **care** for those affected by **endometriosis**. Together, we launch **petitions**, raise **awareness**, and **empower** those affected for **gender-equitable medicine**:

It is time to **stop** treating **women's** and **queer health** as a **taboo!**

Current (Research) Project

- Endometriosis is an extremely **painful, chronic** condition in which **tissue** similar to the lining of the uterus grows **outside the uterus**.
- **Two million people** affected in **Germany** alone!
- Despite the **severe** consequences the **care** provided to those (potentially) affected by **endometriosis** is more than **inadequate**.

Current (Research) Project

Our demands:

- Better **care** 📄 More **education** 📖 More research **funding** 💰

Our projects:

- **Petition** for a **national endometriosis strategy**
- **Awareness Events** (Panel Talks/ Networking Events)
- **Social Media Awareness**

Questions to Academia

- What would be the most **effective** way to **collaborate** with the **university** to spread **awareness**?
- Is there an **option** for an **ERUA wide awareness format**?
- Is there any **local data** or **research** on gender health gap/endometriosis in the **region**?
- How could we work together to launch a small **pilot project** on **medical care** in the **region**?

Questions to Civil Society

- What **local venues** are **effective** for **reaching** young people?
- How can we **effectively** implement **multilingual services (German/Polish)**? (info material/ events)
- Which **existing services/projects** in Frankfurt (Oder)/Słubice could we **expand** to include **endometriosis** ?

Questions to (Political) Decision-Makers

- How can Frankfurt (Oder)–Słubice **speed up** pathways to **awareness** and **medical care locally**?
- What **existing local programs** support **gender-equitable health** and how can Endometriosis be integrated?
- **What small, first measures** could we visibly implement within **2026**?
